

Zane State Equivalency Guide: *Bachelor of Business Administration*

Transferring Into the College of Business From Outside Ohio University

Admission to the College of Business from an educational institution outside of Ohio University is selective. Application is made through the Ohio University Office of Admissions. To be eligible for consideration, applicants must have completed courses equivalent to each of the following four courses: **ECON 103**, **ECON 104**, **ENG (151, 152, or 153)**, and **MATH 163A**. They must also have a minimum accumulative grade point average of 3.0 (on a 4.0 scale) from the transferring institution.

Requirements for All B.B.A. Majors

As a candidate for the Bachelor of Business Administration (B.B.A.) degree, you must complete the University's General Education requirements for graduation and fulfill a minimum of 192 quarter hours of credit with a GPA of 2.0 for all hours attempted. You must also maintain a 2.0 GPA for courses taken in business and economics, and a 2.2 GPA for courses in your major. The College of Business limits transfer credit for required business courses taken at a lower level to such courses as it offers at that lower level. Other transfer credits accepted by the University are evaluated as either business or non-business electives.

Courses included in the 192-hour minimum for the B.B.A. must be chosen so at least 79 quarter hours are earned in areas of business and economics, and at least 80 quarter hours are earned in non-business areas.
